

War and Peace in the Caucasus

IWPR Caucasus
English and Russian

This collection summarizes in 100 articles the basic events that have taken place in the Caucasus from 1999-2005 - a period during which not only saw the beginning of a new millennium, but of new developments in the region. Every week during these six years, the Caucasus Reporting Service of the .Institute for War & Peace Reporting provided readers around the world a view on these events

This unique resource published investigations by local journalists conducted according to international standards, joint cross-border reports, and analysis of developments from the furthest reaches of the .region
