

Regional Media in Conflict

IWPR

[Georgia](#)

[Cambodia](#)

[Bosnia](#)

[South Africa](#)

English

In an attempt to encourage greater professional awareness among local journalists who may find themselves reporting conflict in the course of their work, IWPR produced comparative study of recent media coverage in four conflict areas - Georgia, Cambodia, Bosnia and South Africa. Using journalists/researchers from each country, we sought to examine local perception of media behaviour.
